MegaPAC

23” Dual Xeon Portable Server

Our largest, wideview portable with accurate color and fast response time

The MegaPAC product is a robust portable computer built using all aluminum sheet metal to provide tough, go-anywhere unit suitable for tough environments and mobile applications. With the 23”, HD LCD display and 7-expansion slots design, the MegaPAC can easily fulfill requirement for digital media related applications in the broadcasting market. The MegaPAC can also be configured with many special add-on cards for your unique applications. The integrated visor-shade optimizes viewing when ambient light or sunlight has become distracting. Optional touch screen allows MegaPAC to operate without keyboard for quicker operations.

Every unit comes equipped with cooling fans and easy access to its expansion slots for immediate system upgrade or maintenance. With its simplistic design and rugged construction, the MegaPAC is the most durable and versatile portable platform for your applications.
