GENESIS64..... 2

 AlarmWorX64..... 2

 GridWorX 2

Platform Services

FrameWorX

25637	Support and documentation has been added for the FrameWorX Server to only accept Certificates from specific clients.
-------	--

Security

26377	For applications using multiple domains or sub-domains the original LDAP query method only queried the user against the domain of the security group which causes it to reject users that don't physically exist in the sub-domain. It is now possible to use Domain Forests by an improved LDAP query method accessible in the IcoSetup64.ini file (add the line: ActiveDirectoryServer=2).
-------	--

GENESIS64

AlarmWorX64

25517	An AlarmChanged Event is now exposed to the AlarmWorX64 Historical Alarm Viewer.
25513	A SilentMode has been added to the API to suppress popups shown from GraphWorX64 Viewer Controls (i.e., GridWorX, AlarmWorX64, TrendWorX64), but instead return errors.
26170	The option to 'Clear' has been added to the AlarmWorX64 Viewer.

GridWorX

25452	It is now possible to use the Security Server to restrict or grant access to the Insert, Update and Delete SQL commands for the GridWorX Viewer.
-------	--

Founded in 1986, ICONICS is an independent software developer of award winning real-time visualization, HMI/SCADA, manufacturing intelligence, building automation and energy/sustainability solutions. With over 250,000 installations worldwide, ICONICS products are used in automotive, building automation, oil & gas, pharmaceutical, renewable energy, utilities, water/wastewater, and many other applications.

ICONICS, a long standing Microsoft® Gold Certified Partner, utilizes the latest Microsoft technologies and is proud to be the winner of multiple awards for technology leadership. This includes receiving the 2012 Microsoft Sustainability Partner of the Year Award.

ICONICS cultivates an international culture of innovation, creativity and excellence in product design, development, technical support, sales and service. This has resulted in market leadership in advanced visualization, analytics, productivity and sustainability solutions. The company is headquartered in Foxborough, Massachusetts, USA with offices throughout the United States, Europe and Asia.
