Panel Mount Stainless Steel with Touchpad

iKey's stainless steel panel mount keyboards are durable, cleanable and easily customized to fit the unique demands of its application. The PM-65-TP-SS integrates an industrial touchpad for controlled usability. For public display kiosks, these features create a waterproof, environmentally durable solution perfect for harsh kiosk implementations. Because most kiosks do not require supervision by operators or retailers, these products help prevent theft and damage by vandals through stainless steel keys, an easily mountable design and unparalleled durability.
