

50 mm VANDALPROOF TRACKBALLS STAINLESS STEEL

Direct plug compatible to PS/2 or USB ports
Sealing IP65 (static)

• GENERAL DESCRIPTION

The TBS50F2 and SBS50F2 are highly ruggedised professional trackballs. The units are specially designed for harsh industrial environment applications : the **self-adjusting PTFE seal** of the trackball guarantees an IP65 static (ball in rest) protection grade. This trackball has a large diameter ball, which make this unit ideally suited for all applications which demand accurate pointer control.

This trackball has an all metal look, the front being made of brushed stainless steel. It has three anti-vandal, stainless steel, IP65 sealed pushbutton switches.

The TBS50F2 has a black phenolic resin ball of 50 mm diameter.

The SBS50F2 has a stainless steel ball which gives the unit a completely stainless steel front.

TBS50F2 (Phenolic resin ball)
dim. : 100x116x40 mm.
weight : 0,6 kg.

SBS50F2 (stainless steel ball)
dim. : 100x116x40 mm.
weight : 1 kg.

• DIMENSIONAL DRAWING

CE :
compliant to EMC Directive 89/336/EEC for
Electromagnetic Compatibility
Low Voltage Directive 73/23/EEC not applicable
for our trackballs.

• CONNECTIVITY

** Due to the increasing differences of the PS/2 mouse port specifications of the various PC manufacturers, we do recommend that this unit should be tested on the final PC configuration and operating system prior to installing it in series.*
